I am delighted to welcome everyone back to Ashfields for the British Carriagedriving National Championships 2026.

This introduction enables me to welcome you all and to thank Zoe and Wilf for hosting the Championships on numerous occasions. Ashfields has been a fantastic venue for us and we hope that it will continue as an event venue for many more years to come.

As always having the Championships in September means that there is a clash with a world championship – this time it is the Advanced Horse Singles competing at Munich.

This class competed their National Championship in June at Chepstow with Phoebe Matthews the championship winner. Many congratulations to her for that win. By the time you read this the results from the Worlds will be in and will join the international results from our teams and individuals who have represented their country so well this year.

Huge congratulations to them all with a special mention to Sophia Routledge who came home with a Gold Medal.

BC Council are actively trying to encourage more diversity within driving – age, gender, ethnicity and physical abilities are no barriers to our inclusive sport.

Social Licence must be kept in mind throughout all our activities with our equines. Welfare remains our number one priority and we must look after our equine partners.

I hope you have a great weekend, enjoy the competition and are successful at this year's National Championships.

Andrew Counsell
Chair, British Carriagedriving

THANK YOU

To George and Dulcie Lock for allowing the National Championships to be held at this delightful venue.

WELCOME

Organisers Zoe Morgan and Wilf Bowman-Ripley are delighted to welcome competitors, stewards, sponsors, and guests to the British Carriagedriving National Championships.

"It is great to host the British Carriagedriving National Championships again. We hope that all competitors, helpers and visitors enjoy the event. Many, many people are needed to run an event of this scale – we are very grateful to everyone that helps."

National Championship Sponsorship

People often think sponsoring involves giving monetary funds to the management and event hosts. It means a lot more than that it offers opportunities for these sporting events to go ahead , allowing competitors to join together and enjoy the carriage driving experience. Sponsorship plays a crucial role in the success and sustainability of the sport, it not only provides financial support but also contributes to the overall experience for everyone involved.

P&S Automation Ltd is delighted to be-able to offer sponsorship to a sport we are very passionate about. Carriage driving has become a major part of my life, giving me the opportunity to enjoy my horses, learn new skills and make new friends throughout my journey.

I enjoy carriage driving and competing and winning a competition can be a truly exhilarating experience, whether this is at local level or a national championship.

Most importantly is being able to attend these events and do the best we can and to have fun By giving sponsorship, we hope it gives other people the opportunity to enjoy the sport, and contributes towards allowing these events to be run.

The excitement of being part of the national championships, the rush of adrenaline and sense of pride and accomplishment, are all emotions that make the experience truly unforgettable. But being part of it, having fun, and enjoying yourself with your horse is the ultimate feeling of all.

A friendly and welcoming affiliated carriage driving trials club in the North East

We run our outdoor events at some fantastic locations like Allerton Park near Knaresborough, Newby Hall near Ripon and Escrick Park near York and Frickley Park near Doncaster.

Our indoor competitions are held at Askham Bryan and Catterick. We always have a very good entry and are great for new starters as we provide support and encouragement.

DRIVING TRIALS - What is involved?

Originally developed in 1970 Driving Trials has evolved into a 3-phase equestrian sport. Single ponies and horses, pairs (2 side by side), tandems (1 in front of another) and fours compete in one of 17 classes.

Competitors are challenged on the training of their horses and ponies, their accuracy

completing a 'test', driven from memory, showing the different paces and training of the animals, and their elegance in the 1st phase, Dressage.

The second phase, the Cross Country Marathon, is all about excitement and adrenalin. Competitors learn routes through the challenging Obstacles, lettered gaps A to F, but incur penalties for every second they use to drive those routes or if they go through the gaps in the wrong order! The lowest penalties wins so the faster they go the lower their penalty score which makes for great excitement.

Cones is the third and final phase. Drivers need to negotiate a twisty course showing the suppleness of their animals after the rigours of the marathon. The gaps only inches wider than the carriage tests the accuracy of the driver. Knocking a ball off a cone incurs expensive penalties!

**Please do ask for Information
- we are a very friendly sport.**

EQUINE AQUA THERAPY

If you are interested in using our salt water treadmill we will be happy to arrange a suitable programme with you, to maximise the benefit for your horse.

Please call Natalie to discuss.

We charge **£40** per session.

If you book 9 sessions we will give you your **10th free.**

Each session on the treadmill lasts **20 minutes**, but we will book an overall slot of **40 minutes.**

This is to allow time to clean your horse's feet and familiarise your horse with the treadmill.

Most horses take to the treadmill without any difficulty, but some do worry about it. We have space for you to bring a companion horse to help minimise any stress if you wish to.

AVANT[®]

SOUTH EAST

Avant loader can take care of all the physically challenging jobs on the Yard that used to have to be done manually. You can also get lighter jobs done easier and faster than before. The uses of Avant loader are endless, limited only by your imagination.

Avant has the best tipping load and lifting power in its size category, which makes the machine a versatile tool for all works carried out. With the larger machines, the Avant is powerful enough to lift heavy loads of over 1000 kilos, and at the same time it's compact enough to fit into tight spaces and can even be used indoors. Handling Muck, round and square bales, pallets, bedding distributing and other heavy goods is easy, safe and quick with Avant. The telescopic boom allows you to complete jobs that require high lifting and outreach. Also with the variety of attachments, your yard can be swept, cleaned and your Horse Arena can be

compacted and levelled to create the perfect surface! The jobs are endless!

These features combined with the low usage and maintenance costs will make the Avant the most versatile and important machine on your Yard.

Avant South East are proud to be one of the dealers and hire partners of Avant products in the UK. With over 200 attachments, the Avant has proven to suit all industries, such as Farming, Construction, Stabling, Landscaping and many more. We here at Avant South East, offer hire, sales, servicing and parts for these versatile machines. We have 6 machines and over 30 different attachments to hire, as well as a show room of which our customers can come and view the different Avant models and demo in our demo area.
