Official Statement – Small Ponies Single Class, ICD Championship

16th April 2023

The Organisers and Officials of the ICD Championships 2023 wish to extend their most sincere apologies for the unfortunate situation that has arisen for the Small Pony Class. A mistake was made with the cone times, and our attempts to resolve made the situation worse.

It is important to us that all competitors in this class are given a fair resolution. It is impossible to find a perfect solution so we feel we have done what we can to be fair and reasonable by removing the time penalties for the Small Pony Single class.

To award the Small Pony Supreme Champion and Reserve only, we shall remove the time penalties from the Small Pony Pair class so that the classes are compared equally.

We understand that this is disappointing after a season of hard work and competition, and we can only say how sorry we are.
